Little bitty boy, with a heart of steel.
I know you can't boogie now, but your sister sure will.
Feel good music, in your soul.
Makes your body wanna rock 'n' roll.

Laugh back grovin, in your car.
Makes no difference who or where you are.
Feel good music, in your soul.
Makes your body wanna rock 'n' roll.

Laugh back grovin, in your car.
Makes no difference who or where you are.
Feel good music, in your soul.
Makes your body wanna rock 'n' roll.
